

## **Senior Macintosh Field Specialists**

Cross-platform technology integrator seeks experienced Macintosh Field Specialists. Successful candidate will have 5 years in-depth field experience deploying and supporting mixed Mac/PC environments, and minimum 7 years professional Mac support experience overall.

### **Skills:**

Familiarity with the latest Mac OS, and Apple hardware and software expected. Relevant Apple Certifications are ACHDS, ACTC, ACSA, Xsan.

Candidate will be proficient with ethernet networking infrastructure, servers and hosted services, security issues, wireless networking. Other relevant skills include:

- Cross-platform Mac integration experience with other directory systems.
- Experience in video, audio, and publishing technologies.
- Familiarity with storage area networking, fibre channel, and/or infiniband.

### **Responsibilities:**

Primary interest will be for skills that are immediately billable. Candidates will be applying for an outbound field support position involving travel. Extensive drive times may be the norm; as such a reliable vehicle is mandatory. Special projects and longer hours may be required from time to time. Candidates will have well-developed communication and documentation skills, and will be comfortable working under deadlines.

### **Compensation:**

Competitive benefits package offered, including comprehensive health, 401K, dental, paid vacation, paid certification.

Applicants should respond by e-mail with résumé, letter describing relevant work experience, at least three references, and salary requirements. Incomplete responses will not be considered. Applicants who respond by phone, or respond without salary requirements will be disqualified.
