## PRODUCT SPECIFICATIONS – ACTIVCLASSROOM PROFESSIONAL DEVELOPMENT TRAINING

<b>Solution Name</b>	Activclassroom Professional Development Training
<b>Description</b>	<p>The Activclassroom modular training series currently includes five modules that are designed to be delivered in five individual sessions of two hours each.</p> <p>This program was developed after receiving extensive feedback from school personnel who indicated that it was difficult to dedicate an entire day to professional development. The same individuals shared that time was needed to practice learned techniques before moving ahead with training.</p> <p>While this training can be delivered by a certified trainer from Promethean, it is designed to help schools and school districts redeliver training to teachers. In addition to the student manuals, the Instructor's course includes an Instructor's edition of the manuals and flipcharts that allow for consistent redelivery of the content.</p> <p>This series is designed to satisfy the professional development requirements for most states.</p>
<b>Key Benefits</b>	<ul style="list-style-type: none"><li>➤ Build educator capacity</li><li>➤ Increase student achievement</li><li>➤ Encourage continued learning</li><li>➤ Increase success of implementation</li><li>➤ Encourage teacher collaboration</li><li>➤ Enhance classroom instruction</li></ul>
